Dear Emmett:

Thanks for your letter of January 2 in further comments on the proposed public relations program. It so happens that the three groups of reserve officers, which I mentioned in my note of December 19, 1962, are nearly all faculty or staff members here at the college. Therefore, I feel that "the word" brought to these people would have rather far-reaching effect. Then, after this contact we might think further of similar meetings with student groups. Incidentally, Colonel Elkins tells me that should you decide to take advantage of this invitation, they would be available on any Monday evening.

Cordially yours,

W. R. Horsley
